Re: Wells Hydroelectric Project 2149  
2007 Recreation Action Plan Update

Dear Secretary Bose,

Public Utility District No.1 of Douglas County (Douglas PUD), Washington, operates the Wells Hydroelectric Project under Federal Energy Regulatory Commission (FERC) License 2149. A 1982 Amendment to FERC License 2149 established a requirement for Douglas PUD to update the 1967 Public Use Plan entitled "Wells Recreation Plan" every five years thereafter. Douglas PUD provided Recreation Action Plan Updates in 1987, 1992, 1997 and 2002. This plan entitled "2007 Recreation Action Plan Update" is the sixth and final plan to be submitted subsequent to the 1982 amendment to FERC License 2149.
