Re: Wells Hydroelectric Project No. 2149

Dear Mr. Kreiter:

Thank you for contacting our department. We have reviewed the maps for the proposed Wells Hydroelectric Project No. 2149 in Douglas, Chelan and Okanogan Counties, Washington. Thank you for your description of the Area of Potential Effect (APE). We concur with the definition of the APE. We look forward to participating in your cultural resources protection efforts and learning of your consultation with the concerned tribes.

We would appreciate receiving any correspondence or comments from concerned tribes or other parties that you receive as you consult under the requirements of 36CFR800.4(a)(4) and the reports when they are available.

These comments are based on the information available at the time of this review and on behalf of the State Historic Preservation Officer in conformance with Section 106 of the National Historic Preservation Act and its implementing regulations 36CFR800. Should additional information become available, our assessment may be revised.

Sincerely,

Robert G. Whitlam, Ph.D.
