Wells Cultural RWG:

Please find attached the agenda for the Cultural RWG meeting to be held on January 17. We have reserved conference call ports for Rob, Tim, Frank, Bob, and Glenn. The dial-in number is included on the agenda. Others who plan to attend by phone will need to let me know in advance so that we can add more ports.

Also attached is the final Wells Cultural Resources Data Review. This document was developed to help Douglas PUD complete the PAD, as well as to help the RWG identify data gaps and study needs. As we move forward, we will provide additional maps and databases as needed to further refine the scope of our studies. We will also send a final hard copy of the Data Review to RWG members by mail.

More information will be provided prior to the January 17 meeting. Please contact me if you have any questions or comments.

Happy holidays!
