Subject: Agenda for Aquatic RWG #1

Aquatic RWG members, please find attached the agenda for the upcoming Aquatic RWG Meeting in February. As you can see, the discussion will focus around the FERC issued Scoping Document 1 (SD1), the Pre-Application Document and the agreed upon study plans developed in 2006. Please let me know if you will be attending this upcoming meeting so that I can make the necessary logistical arrangements. Also note that the agenda as well as other pertinent information is now being posted on the Wells Project Relicensing website:
