FEDERAL ENERGY REGULATORY COMMISSION

Public Utility District)	Project No. 2149-152
No. 1 of Douglas County)	
Final License Application)	Wells Hydroelectric Project

MOTION TO INTERVENE
OF PORTLAND GENERAL ELECTRIC COMPANY

1. Pursuant to Rules 212 and 214 of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission ("Commission") (18 CFR §§ 385.212 and 214 [2009]), Portland General Electric Company ("PGE") hereby files this motion to intervene in the above-captioned proceeding. In support hereof, PGE states as follows:

1. The exact name and address of PGE is:

Portland General Electric Company
121 SW Salmon Street
Portland, Oregon 97204

2. All correspondence, communications and pleadings in this proceeding should be served on the following persons who are already on the Commission's official service list for this proceeding:

Loretta Mabinton,
Assistant General Counsel
Portland General Electric Company
121 SW Salmon Street, 1WTC1301
Portland, Oregon 97204
503-464-7822 (voice)
503-464-2200 (fax)

3. PGE is a regulated vertically integrated electric utility located in the Western Electricity Coordinating Council (“WECC”) and provides electric service to over 815,000 residential and commercial customers in the State of Oregon. PGE also makes wholesale purchases and sales throughout the Western United States.

4. Public Utility District No. 1 of Douglas County (“Douglas PUD”) filed with the Commission its Final License Application for relicensing the Wells Hydroelectric Project (“Wells Project”) on May 27, 2010.

5. As stated in the Douglas PUD application, PGE is one of four purchasers under long term contracts with Douglas PUD for the purchase of the Wells Project output. PGE’s contract with Douglas gives PGE the right to purchase 20.3% of the output of the Wells Project and runs through August 31, 2018. PGE also has certain rights to continue to purchase Wells Project output after August 31, 2018 and such additional purchase will occur during the term of a new license issued by the Commission. Further, as Douglas PUD recognizes in its application, the daily operation of the Wells Project is influenced by several factors including “...variable power demands within Douglas and Okanogan counties and under the long-term power sales contracts with ... Portland General Electric”.

6. Therefore, PGE's interests will be directly impacted by the outcome of these

proceedings. PGE's interest cannot be adequately represented by any other party in this proceeding. PGE's intervention is therefore in the public interest, and PGE moves for leave to intervene in this proceeding.

DATED this 17th day of June, 2010.

Respectfully submitted,

/s/ LORETTA I. MABINTON
