Honorable Kimberly D. Bose, Secretary  
Federal Energy Regulatory Commission

Washington, D.C. 20426

Dear Ms. Bose:

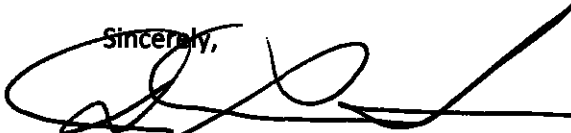

The Department of Interior Bureau of Land Management (BLM) has reviewed the Draft Programmatic Agreement (PA) and Associated Historic Properties Management Plan (HPMP) for Section 106 Compliance for the Wells Hydroelectric Project, #2149, located on the Columbia River in Douglas County, Washington, and submits the following comments to the Federal Energy Regulatory Commission.

The draft PA includes stipulations for implementing the HPMP, dispute resolution, and amendment and termination of the agreement. The HPMP identifies the appropriate actions and processes required for managing historic properties in the project area. No additional stipulations are recommended at this time.

On page 10 of the draft PA, the signature block should be revised. The "Wenatchee Field Office" should be replaced with the "Spokane District Office". The name and title of the authorized official that would sign the final document for BLM should be modified to Daniel C. Picard, District Manager. Also, please update the address list for this project with my name and title and the following address:

Bureau of Land Management  
Spokane District  
1103 N. Fancher Road  
Spokane Valley, WA 99212

Thank you for the opportunity to comment. If you have questions, please contact me at (509) 536-1200.

Sincerely,  
  
Daniel C. Picard  
District Manager
