Kimberly D. Bose, Secretary
Federal Energy Regulatory Commission
888 First Street NE
Washington D.C. 24026

Subject: License Application for Wells Hydroelectric Project No. 2149

Secretary Bose,

The City of Brewster supports a 50-year license term for the Wells Project License Application. We have been working with Douglas PUD for many years and partnered with them on many projects.

For example:

- ❖ I served as a member of the Recreation Work Group and participated in the development of the Recreation Management Plan
- ❖ The City has entered into an agreement with Douglas PUD that provides funding for future parks operations and maintenance
- ❖ The City of Brewster has entered into an agreement with Douglas PUD which we hope will provide more area to expand our RV Park
- ❖ Many park enhancements in the City of Brewster have been completed, and we have a few more to come

RECEIVED
SECRETARY OF THE
COMMISSION
2011 JUL 20 A 10:17
FEDERAL ENERGY
REGULATORY COMMISSION

With the general downturn in the economy, and certainly in our budget, these agreements will help the City immensely in continuing to provide access to the Wells reservoir. In addition, it only makes sense to allow the current agency to continue its efficient operation of the utility.

The City of Brewster hopes you will take these items into consideration as they offer long-term benefits to the City and its residents and visitors.

Sincerely,

Lee Webster, Mayor

City of Brewster
