ERRATA NOTICE

(September 14, 2011)

On September 14, 2011, the Commission issued a letter to the U.S. Fish and Wildlife Service (Service) requesting that the Service initiate formal consultation under the Endangered Species Act on the relicensing the Wells Hydroelectric Project. The letter erroneously identified the due date for the Service's biological opinion as January 26, 2011. The correct due date for the biological opinion is January 28, 2012.
