FEDERAL ENERGY
REGULATORY COMMISSION

Dear Dr. Winchell,

Enclosed is the signed signature block for the Bureau of Land Management (BLM) concurring with the terms of the final *Programmatic Agreement among the Federal Energy Regulatory Commission and the Washington State Historic Preservation Officer, and Confederated Tribes of the Colville Reservation Tribal Historic Preservation Officer for Managing Historic Properties that may be affected by issuing a License to the Public Utility District No. 1 of Douglas County, Washington, for the Wells Hydroelectric Project in Douglas, Okanogan, and Chelan counties, Washington (FERC Project No. 2149-152).*

The Final Programmatic Agreement (PA) and associated historic properties management plan adequately address the primary concerns identified by the BLM for historic properties in the area of potential effect for the Wells Hydroelectric Relicensing Project.

A copy of the signature page for the PA with my signature has been sent to Kimberly D. Bose as requested in your correspondence of December 21, 2011. If you have questions, please contact me at (509) 536-1200. Thank you for your assistance.

Sincerely,

Daniel C. Picard
District Manager
