FEDERAL ENERGY
REGULATORY COMMISSION

Dear Secretary Salas:

In accordance with 18 C.F.R. §§ 5.5(b) and 5.6(a), Public Utility District No. 1 of Douglas County, Washington (Douglas PUD), licensee of the Wells Hydroelectric Project, hereby submits one original paper copy and eight compact disk copies of its Notice of Intent to File an Application for New License and the Pre-Application Document (PAD) for the Wells Project. These documents are also being distributed to those entities listed on the attached Distribution List in accordance with the proposed Communication Protocol, which is set forth in section 2.3 of the Pre-Application Document.

The PAD consists of three volumes. Volume 1 is the primary component of the PAD. Volume 2 is a collection of appendices. Volume 3 is a collection of diagrams and schematics that relate to the generation of electric energy and qualifies as Critical Energy Infrastructure Information (CEII) pursuant to 18 CFR § 388.113. Accordingly, an original plus two copies of Volume 3 have been marked in accordance with instructions issued by the Secretary. Therefore, Douglas PUD requests that Volume 3 of the PAD be maintained in a non-public file and withheld from public disclosure in accordance with applicable regulations.

If you have any questions or require further information, please contact me at (509) 884-7191.

Sincerely,

Shane Bickford
