1161 Valley Mall Parkway • East Wenatchee, Washington 98802-4497 • 509/884-7191 • FAX 509/884-0553 • www.douglaspud.org

April 15, 2009

Honorable Kimberly D. Bose
Secretary
Federal Energy Regulatory Commission
888 First Street, NE
Washington, DC 20426

**Subject: Wells Hydroelectric Project No. 2149-131
Updated Study Report Document and
Notice of Intent to File a Draft License Application**

Dear Secretary Bose:

In accordance with 18 C.F.R. § 5.15(f) (2008), the Public Utility District No. 1 of Douglas County, Washington (Douglas PUD), licensee for the Wells Hydroelectric Project (Wells Project), hereby submits for filing one paper original and eight compact disk copies of its Updated Study Report (USR) Document for the relicensing of the Wells Project.

On October 11, 2007, FERC issued its Study Plan Determination based on its review of the Revised Study Plan (RSP) Document and comments from stakeholders. The FERC's Study Plan Determination required Douglas PUD to complete 10 of the 12 studies included in its RSP Document. Douglas PUD has opted to complete all 12 studies to better prepare for the 401 Water Quality Certification process and to fulfill commitments to the RWG participants.¹

The Initial Study Report (ISR) Document was filed with the FERC on October 15, 2008. The ISR Document contained final reports for eight of the studies and interim progress reports for four of the studies. The USR Document contains the final reports for the four studies that were the subject of interim progress reports at the time the ISR Document was filed with the FERC.

¹ All 12 study plans were collaboratively developed and agreed upon by four Resource Work Groups (RWGs) addressing Cultural, Recreation, Terrestrial, and Aquatic/Water Quality resources. Douglas PUD filed all 12 of the agreed-upon study plan in the Pre-Application Document, Proposed Study Plan Document and again with requested modifications in the RSP Document.

The USR Document contains an Introduction (Section 1), Evaluation of Goals and Objectives (Section 2), Summaries of Study Results (Section 3), and information related to the USR Meeting (Section 4). Pursuant to 18 CFR § 5.16 (c) (2008), Section 5 of the USR Document contains Douglas PUD's Notice of Intent to file a draft license application for the Wells Project instead of a Preliminary Licensing Proposal. The USR Document also contains Appendices A-C. Appendix A contains the final report for the 2008 Adult Lamprey Passage Study, Total Dissolved Gas (TDG) Investigation and the Dissolved Oxygen (DO), pH and Turbidity Study. Appendix B contains the final report on the Transmission Line Wildlife and Botanical Study. The Summary of Consultation related to the implementation of these studies can be found in Appendix C. As explained below, a portion of the Transmission Line Wildlife and Botanical Study contains privileged information, which has been removed from Appendix B of the USR Document and placed in a separate binder.

In accordance with 18 C.F.R. § 388.112, Douglas PUD requests privileged treatment of a portion of the Transmission Line Wildlife and Botanical Study because it includes the location of a plant identified as a federal species of concern and a state threatened species, the disclosure of which would create a risk of harm to such species. The sensitive portion of this report has been deleted from Appendix B of the USR Document and placed in a separate binder entitled "Updated Study Report – Privileged Document."

In accordance with instructions issued by the Secretary, Douglas PUD encloses for filing one paper original of this binder. Each page of the binder has been marked "Contains Privileged Information – Do Not Distribute." Douglas PUD requests that this document be maintained in a non-public file and withheld from public disclosure in accordance with applicable regulations.

Copies of the USR Document are concurrently being distributed to all entities listed on the attached Relicensing Distribution List in accordance with the Communication Protocol set forth in section 2.3 of the Pre-Application Document for the Wells Project.

If you have any questions or require further information, please feel free to contact me at (509) 881-2208 or sbickford@dcpud.org.

Sincerely,

Shane Bickford
Supervisor of Relicensing
